

# Awesome Accessories For 2009

## BRAVE NEW TIMES

Forget macho man-sized timepieces—a watch that's on your wrist this winter should be totally feminine. Skinny straps in bright colors have never been cooler. Or go for lots of sparkle with a diamond-set bezel.

## PERFECT TIMING

Curtis & Co. recently released its Big Time World stainless steel 50mm watch. Utilizing Swiss Quartz movement, this trendy timepiece displays three global time zones. Its case is made of polished stainless steel and the stitching on the band is accented in white or bright colors including pink, red, green or yellow. (\$1,340, *Borgata Jewelers in the Borgata, 609-317-1000*)

## CLOCKWORK PINK

Keep the time in style with this streamlined women's watch from Philip Stein's Prestige Collection. The small case features a white diamond dial, and the pink alligator strap is pure girlish glamour. It will look great with everything! (\$2,460, *Neiman Marcus at 1200 Morris Turnpike in Short Hills, 877-777-5321*)

## PRECIOUS METALS

Several elegant precision analog watches are available in Fossil's winter line. Along with clear crystal accents, they all come with white, silver and blue mother-of-pearl dials. Some offer a two-tone silver and gold design. And all of them are sleek and sophisticated with a touch of classic glamour. (\$75-\$105, *Fossil in The Walk, 609-345-4446*)
